

## DASHBOARD CREATION

Team ID	PNT2022TMID48449
Project Name	Retail Store Stock Inventory Analytics

The screenshot displays the IBM Cognos Analytics with Watson web application interface. At the top, a browser window shows the URL `ap1.ca.analytics.ibm.com/bi/?perspective=home`. The application header includes the title "IBM Cognos Analytics with Watson", a notification bell with "30", a search bar labeled "Search content", and user profile icons. A central banner area features the text "Hello. Welcome to Cognos Analytics with Watson." and a sub-header "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." Below this are two buttons: "Watch video" and "Take a product tour". A progress bar at the top of the banner indicates "Analyzing mock\_kaggle.csv" with "Cancel" and "Details" links. The main content area is titled "Quick launch" and contains four tiles: "Upload data" (with an upward arrow icon), "Prepare data" (with a data module icon), "Exploration" (with a diamond icon), and "Present data" (with a dashboard icon). Each tile includes a brief description of its function. The bottom of the image shows a Windows taskbar with various application icons, a search bar, and system status information including "25°C Mostly cloudy", "ENG", and the date "17-11-2022".
